## Skil 6510/6513 10mm and 13mm Impact Drills

- Compact and light weight
- Ergonomic design and optimal grip area for comfortable gripping
- Reliable motor of 450W (6510)/550W (6513) with strong ball and needle bearing system
- Easy to control with the “fit-for-two-fingers” variable speed trigger
- Forward/reverse button
- Lock-on button for continuous application
- Large knob for easy switching between impact and drilling mode
- 16-bit set provides holistic solution for drilling and screwdriving applications
- Auxiliary handle for 6513
- Depth gauge of 6513 for more precise drilling depth measurement

Specifications	6510	6513
Input power	450 W	550 W
Chuck type	10 mm (keyed)	13 mm (keyed)
No load speed	0-3,000 rpm	0-3,000 rpm
Impact rate	48,000 bpm	48,000 bpm
Drilling diameter	10 mm	13 mm [Steel] 16 mm [Masonry] 30 mm [Wood]
Variable switch	Yes	Yes
Forward/reverse	Yes	Yes
Auxiliary handle	No	Yes
Depth gauge	No	Yes
Net weight	1.8 kg	1.8 kg

Accessory Bits	Quantity
HSS drill bits 	3
Wood drill bits 	3
Masonry drill bits 	3
Screw-driving bits:	6
PH1, PH2 	
PZ1, PZ2 	
M4, M5 	
Adaptor	1

### Standard equipment

- 16 bits
- Chuck key
- Carrying case
